PROFILE

Experienced software engineer skilled in PHP, AngularJS, GraphQL, and mobile app development. Committed to innovation and continuous learning. Proven track record in project development- Ginivoicing.

EMPLOYMENT HISTORY

Sep 2023 — Present

Software Engineer, Hellolabs Technologies Pvt Ltd

Remotely

At Hellolabs Technologies, I develop backend systems using GraphQL and ExpressJS, alongside creating REST APIs. Proficient in writing test cases with JEST, I ensure code reliability. Currently exploring mobile app development, I have experience with various operating systems and tools like Apollo Client and Google Cloud.

Jul 2021 — Dec 2023

Software Engineer, Technofox Pvt. Ltd.

Ludhiana

During my time at Technofox Pvt. Ltd., I mastered various programming languages and tools like PHP Yii2 Framework, AngularJS, JavaScript, HTML, CSS, and Bootstrap to build robust and scalable software solutions. Additionally, I gained proficiency in developer tools such as Labs and Jira, along with expertise in code management using GitHub.
